ADVICE GUIDES: RELOCATING

Moving home is considered to be one of the most stressful experiences in our lives and relocating to an unfamiliar area can compound this stressful event.

Whether your relocation means moving across town or across the country. Home Sale Network is a national network of selected estate agents located around the country who can help you with your buying and selling needs.

WHY ARE YOU RELOCATING?

The Home Sale Network website uses the latest information to allow you to research an area before you move. By selecting the area you are interested in relocating to you, the website can provide a whole range of information. Ask yourself some questions about the relocation:

- What are your reasons for relocating?
- What are your family members' priorities in the move?
- What are the important factors in your move?
- Do you need to be near primary or secondary schools and sixth form colleges?
- Do you need access to transport links, such as motorways or rail links
- Will you have better access to local amenities, such as dentists, doctors or local shops?
- To be closer to facilities such as leisure centres or parks?
